A/C COMPRESSOR OIL APPLICATIONS

Page 1 of 1

Care must be taken to use **only** refrigerant oil which is compatible to the vehicle's system. Following are A/C oil application charts for both R-12 and HFC-134a systems:

R-12 SYSTEMS

MODEL	OIL TYPE	PART NUMBER	QUANTITY
All Models (except Tercel and Paseo)	ND-Oil 6 (or Equivalent)	P/N (88899-28040)	60cc
		P/N (07117-68040)	500 cc
Tercel and Paseo	ND-Oil 7	P/N (07117-68030)	80 cc

NOTE:

Use **only** the recommended oil for Tercel/Paseo thru-vane type compressors in order to prevent the possibility of compressor failure.

HFC-134A SYSTEMS

MODEL	OIL TYPE	PART NUMBER	QUANTITY
All Models (except Tercel and Paseo)	ND-Oil 8	P/N (08885-09109)	40 cc
		P/N (08885-09107)	250cc
Tercel and Paseo	ND-Oil 9	P/N (08885-09119) P/N (08885-09117)	40cc 250 cc
